Safety & Comfort The strengths of Premier Care in Bathing

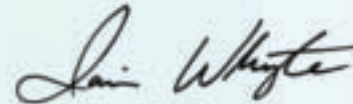

A letter from our CEO

Thank you for considering Premier Care in Bathing. As the world's largest supplier and installer of walk-in baths, we pride ourselves on our high-quality products, installation and understanding of your unique needs.

As we age, it becomes increasingly important to make our homes safe and secure. With Premier Care, you can maintain your safety and independence for years to come.

Your bath consultant will be happy to answer any questions you may have when choosing the perfect Premier Care bath. Welcome to the family!

Sincerely,

Iain Whyte

CEO, North America & Premier Care Family Member

It's time for a change. Picture your life with a safe, soothing Premier Care walk-in bath. When you choose a Premier Care walk-in bath, you're investing in your independence and your personal safety. You can worry less about experiencing a slip and fall, and *enjoy bathing again.* Each Premier Care walk-in bath features a slip-resistant surface and an easy-access entry, along with other unsurpassed safety features. And our Hydrovescent Therapy surrounds you in warm, pure air bubbles that are proven to *soothe away your aches and pains.*

Safety and comfort are just the beginning.

We understand that different people have individual needs and unique circumstances. That's why Premier Care created eight unique models, each with specific benefits and options, and each designed to fit a variety of spaces.

Proven experience and expertise.

Premier Care has been in the spa industry for over 25 years, making us experts on the health benefits of our innovative Hydrovescent Therapy. In addition to years of experience, our full-service installation allows us to guarantee every walk-in bath we install nationwide.

Benefits of a Premier Care Walk-in Bath:

- If you can sit down in a comfortable chair, you can bathe in a Premier Care walk-in bath
- Easy, low-level entry
- Slip-resistant surface, seat and backrest
- Relaxing Hydrovescent Therapy option soothes aches and pains associated with arthritis, lumbago, poor blood circulation, diabetes and multiple sclerosis
- Two grab bars for stability, installed where you prefer
- Drain plug with chain so you don't have to lean over
- Simple to clean
- Water faucet that provides consistent and safe water temperatures
- Safety water overflow feature
- Cushioned seat available
- Complete professional installation is included
- Comprehensive one-year warranty on all parts and labor
- Lifetime warranty on door seal

Take the first step to enhancing your bathing experience and your life. Call us now to schedule your *free in-home consultation with one of our local experts.*

"I've had fibromyalgia for twenty-some years. It is a pain syndrome that goes from the back of your neck all the way down to your feet, and there's no cure for it right now. My fibromyalgia makes it painful to sleep, but taking a warm bath before I go to bed soothes my aches and really helps me relax. I can fall asleep so much faster now."

*C. Bias
Bethesda, MD*

Easy-Bathe

Easy-Bathe

Signature Walk-in Baths

The *Easy-Bathe* is the beginning of your independence. It's an evolution in comfort. And it's an opportunity for you to *safely stay in your home longer*. While its design is simple, using it is even easier. An outward-opening door allows low, easy access to the bath. And constant support and stability are provided by a slip-resistant seat and strong, convenient handles. The Easy-Bathe is versatile enough to be installed in nearly any space, yet it provides twice the bathing depth of a traditional bathtub, allowing you to *immerse your body in water and relax*.

Easy-Bathe corner option with privacy curtain

Easy-Bathe Benefits & Features:

- Easy, low-level entry
- Wide door access for safer entry
- Integral safety handle
- Contoured, slip-resistant seat and backrest
- Temperature-controlled hot water
- Hydrovescent Therapy option to ease aches and pains
- Compact footprint of only 3 square feet
- Corner or back-to-wall option
- Left- or right-hand door opening
- Leak-free design

Call today for a free in-home consultation **1-800-925-0865**

"I have gout and painful arthritis, so it's very difficult for me to get into a regular tub. The door makes it so easy to get into my walk-in bath, and the tiny bubbles of the Hydrovescent Therapy are great for circulation in my legs."

*R. Snyder
Sun City Center, FL*

Sanctuary, Haven & Oasis

Classic Walk-in Baths

All three of our Classic Walk-in Baths allow you to bathe and relax in water levels twice as deep as traditional tubs. Each style is equipped with a contoured, slip-resistant seat that allows you to *soak while in a comfortable and safe upright position*. This seat makes it easier and more convenient to stand up and exit the bath, too. Like every Premier Care walk-in bath, our Hydrovescent Therapy option *soothes away your aches and pains*.

As our most popular model, the *Sanctuary* is the ideal replacement for your conventional bathtub. Designed to fit most standard tub footprints, the Sanctuary has a low entrance and an inward-opening door, which takes up less space than a traditional bathtub. The safety of the Sanctuary gives you the *confidence and independence to enjoy bathing again*.

The *Haven* focuses on safety and comfort, too. This model offers a broader entry with an inward-swinging door, wider and longer bath dimensions, and *more room to soak and soothe* while you sit.

The compact *Oasis*, with its side-opening door, provides the perfect alternative to traditional bathtubs in a small space. This *deep soaking bath* features a slip-resistant seat, allowing you to sit down and *wash in comfort while being completely supported*. The Oasis is almost half the size of a traditional bathtub.

Classic Walk-in Benefits & Features:

- Low-level entry
- Contoured, slip-resistant seat and backrest
- Corner or back-to-wall option
- Different widths for different needs
- Temperature-controlled hot water
- Hydrovescent Therapy option to ease aches and pains
- Left- or right-hand door opening
- Leak-free design, guaranteed

"I have a very tiny bathroom, so I chose the compact walk-in bathtub. I can get into it, sit down and reach the close end of the tub. The installers did an excellent job and I'm pleased with how well everything has worked out."

South River, NJ*

Laguna

Laguna & Cove

Oversized & Compact Walk-in Baths

Premier Care Oversized & Compact Baths offer the safety of a walk-in bath in a size that is *perfect for every lifestyle*. Both designs feature contoured, slip-resistant bench seats, so if you can comfortably sit in a chair, you can once again *enjoy a deep soak*. Our Hydrovescent Therapy option ensures that taking a bath is even more soothing and relaxing by increasing blood circulation and easing aches and pains.

As the largest, *most spacious* walk-in bath in the world, Premier Care's *Laguna* features a wide-entry door that opens outward. Laguna's width of 34 inches combines the best of both worlds—*safety and generous comfort*—for those who may need a little more room.

Laguna

The *Cove* provides premium bathing and relaxation opportunities, and is *ideal for small spaces*. Its front-entry door may be perfect for your home, while the full-depth bath is exactly what you need to wind down and *ease away aches and pains* at any time of day.

Oversized & Compact Features:

- Distinctive sizes to meet your needs
- Extra wide, low-level entry
- Front- or side-opening door for easy access
- Contoured, slip-resistant seat and backrest
- Temperature-controlled hot water
- Hydrovescent Therapy option to ease aches and pains
- Left-hand door opening
- Leak-free design, guaranteed

Cove

"My Premier Care bath has taken away a lot of my worries. The grab bars make me feel safe and I like being able to sit down. Having a reliable seat makes it so easy to get out of the bath."

*J. Gass
Kings Mountain, NC*

Empower features a slip-resistant seat that lifts and lowers

Empower & Momentum

Simple-Lift Power Baths

Our Simple-Lift Power Baths offer the *most comfortable and convenient* ways to safely experience full-length bathing.

The *Empower* allows you to step into the tub and sit on a strong, slip-resistant seat. Once the tub fills with water, gently lower the power seat with the press of a button, *lean back* and *enjoy the soft, soothing massage* of our Hydrovescent Therapy. Once you finish and drain the water, the power seat lifts you up so you can *stand up safely and easily*.

Empower Benefits & Features:

- Low-level entry
- Contoured, slip-resistant seat
- Power seat that lifts and lowers into the bath
- Temperature-controlled hot water
- Full-length bathing
- Hydrovescent Therapy option to ease aches and pains
- Left- or right-hand door opening
- Leak-free design, guaranteed

The *Momentum* is perfect for people with limited mobility. The Momentum's slip-resistant power-lift chair with optional leg rest swivels into and out of the tub with the simple press of a button. Only the Momentum combines the *gentle relief* of our Hydrovescent Therapy with invigorating spa jets that *stimulate and soothe* your body. Immerse yourself in the bath while feeling *safe and comfortable*.

Momentum Benefits & Features:

Momentum with power-lift chair

- Easy, low-level entry
- Contoured, slip-resistant power seat with leg rest
- Power seat that swivels, lifts and lowers into the bath
- Temperature-controlled hot water
- Full-length bathing
- Hydrovescent Therapy option to ease aches and pains

Momentum features a full-length chair that swivels into and out of the bath

Premier Care Hydrovescent Therapy

The Healing, Relaxing Power of Hydrovescent Therapy

Whirlpools and hydrotherapy are classic forms of relaxation and relief, and Premier Care is proud to improve upon them with our signature Hydrovescent Therapy. As you sit and soak in your Premier Care walk-in bath, our Hydrovescent Therapy *relaxes muscles and relieves pressure on your joints.*

A gentle stream of warm air jets in the base of the bath allows thousands of tiny champagne-like bubbles to massage you, *encouraging blood circulation and decreasing inflammation.* These air jets, which have a low, medium and high setting, are softer and more gentle than traditional water jets. Premier Care Hydrovescent Therapy also uses clean air rather than recycled bath water, which helps maintain the warmth of your bath while reducing swelling throughout your body. With *spa controls at your fingertips,* it is easy to use Hydrovescent Therapy to help ease your pains and stimulate your senses.

"I have arthritis and bursitis in my knees, along with lower back pain. Thankfully, the Hydrovescent Therapy makes everything feel wonderful."

E. Metz
Jacksonville, FL

Hydrovescent Therapy

Hydrovescent Therapy is designed to ease pains associated with:

- Arthritis
- High blood pressure
- Migraines
- Muscle cramps
- Rheumatism
- Sprains
- Tension and stress
- Diabetes
- Lumbago
- Multiple sclerosis
- Poor blood circulation
- Sciatica
- Stiffness

Bathe & Shower

From Soak to Shower, in an Instant

Premier Care walk-in baths are available with a shower canopy, which allows them to be used as a showering area. A shower within your walk-in bath allows you to stay safely seated and *enjoy the comforts and convenience of an adjustable showerhead*. If you prefer to stand and shower, the high sidewalls and slip-resistant surface offer you a high level of safety similar to that of bathing. We provide a range of shower options to meet your personal needs. Get the most out of your Premier Care walk-in bath with a customizable shower canopy.

Shower Features:

- Shower for speed and convenience
- High-quality shower curtain for privacy
- Showerhead with adjustable height
- Temperature control at your fingertips
- Grab bars for stability, installed where you prefer
- Chrome or gold fixture options

Installation & Service

From Start to Finish, our Professional Installation is Fast and Friendly

At Premier Care, we pride ourselves on manufacturing and installing the highest-quality baths. In addition to manufacturing our walk-in baths, Premier Care offers *full-service installation and customized attention* with each bath we sell. In fact, thousands of Premier Care walk-in baths are installed by our local bathroom remodeling and plumbing professionals each year. Most walk-in baths are installed in a matter of days. We are always *clean and courteous*, poring over every detail to make sure you're completely satisfied with the finished product.

We want you to get the most out of your bathroom. That's why we offer a free design consultation service. This service ensures we meet your every need and concern so you can enjoy bathing once again. Our team of professionals will carefully discuss all the details and options with you to ensure that the transformation of your bathroom allows you to feel safe and independent. Your comfort and safety are of the utmost importance to us.

Installation & Service Benefits:

- Premier Care manufactures and installs every walk-in bath
- Professional, respectful installation team
- Considerate advice and guidance through the entire process
- Design expertise included
- Full comprehensive warranty on all parts and labor
- Lifetime warranty on door seal

"From the minute someone called and said they'd be here, they were here on time, and very knowledgeable about the product. It was relaxing doing business with them."

*J. Brennan
Carteret, NJ*

The Premier Care Promise
